

Red Cedar Coffee Company's

Coffee Tour

Tour the world in coffee! Each month of the tour we deliver 16 ounces of freshly roasted coffee. Great for treating yourself and makes an anticipated gift! Want to let the recipient know to look out for coffee each month? We provide a gift card that you can mail or give in person.

We start the process of creating truly special coffees by carefully sourcing our coffee beans. In some cases, selecting the individual lots of coffee on site at the farm. Once the coffee arrives at our roastery we work to showcase the best attributes of each coffee we roast.
